Northern Virginia Community College (NOVA) | Annandale, VA

Associate of Science in Information Technology

Expected Completion: Fall 2026

TECHNICAL SKILLS

- Programming Languages: Java (Basic), Python (Basic)
- Web Development: HTML5, CSS3
- Tools & Platforms: Git, GitHub, GitHub Pages, Visual Studio Code
- Coursework Concepts: IT Fundamentals, Basic Data Structures, Relational Databases (SQL)

PROJECTS

Personal Portfolio & Resume Website

Link: <https://nguyenphianhkiet2005-oss.github.io/kncs-portfolio/home.html>

- Designed and built a personal multi-page website from scratch using HTML5 and CSS3 in Visual Studio Code.
- Used Git for version control and published the website live using GitHub Pages.
- Created to present technical skills, coursework progress, and personal background for employment opportunities.
